## Scoring Guide

**Score 1 point for each yes response.**

**8-10 points:**  
Your IT environment is overdue for a health check.

**5-7 points:**  
An ounce of prevention is worth a pound of cure. Ignore your tech health at your peril.

**0-4 points:**  
You're in good shape, but regular checkups are still essential.

**The best time for a tech health checkup was yesterday. The next best time is now.**
